Request No. AG-5-24 (Electric)

What is the source of the allocator PLT 364 and why is this utilized to allocate rent for Elec Prop?

Response:

The source for the allocation factor PLT364 is the total for plant in service for Account 364 in JLH-2-1, Page 3-1, Line 3. This allocator was used because the source of revenues in Account 454 is for pole rentals. See AG-5-23.
